

100% FOLLOWER

since the day when you've been born
you always needed to belong
you needed common enemy
so you didn't have to see
that deep inside you're weak
that you're an empty shell
that there's nothing to seek
within your private hell

since the day you went to school
you've always felt the need to rule
but as you lack the qualities
you just follow those who lead

when they say: „kill!“
you do their will
when they say: „shoot!“
you'll just ask whom
when they scream: „slay!“
you just obey
when they say: „die!“
you won't survive
