

# 10<sup>TH</sup> ANNIVERSARY METALGATE CZECH DEATH FEST

16. - 18. 6. 2018 / ČERVENÝ KOSTELEČ / ATC BRODSKÝ

**Celebrating ten years!**

It is almost hard to believe how quickly it passed, but the fact remains that **this year, our/your Czech metal feast shall celebrate the tenth anniversary since its founding** in the usual time and on the usual place, i.e. **between June 14 and 16 in Camp Brodský in Červený Kostelec.**

And since we arrived at such a significant milestone, it is apt to celebrate in style, whereby our line-up is expanded with the **double amount of festival headliners**, that is, from three to six! So, get ready for the Hellenic black metal phalanx **ROTTING CHRIST**, the American pioneers of death metal **SUFFOCATION**, the Swiss industrial/cyber metal wizards **SAMAEL**, the Czech black metal legend **MASTER'S HAMMER**, the Polish death metal warmachine **DECAPITATED**, and the Maltese butchers **BEHEADED**.

As you can see, **the anniversary installment shall host both new acts, as well as old friends revisiting our enterprise, for retrospective plays its part in such an anniversary.** This is the case of not only headliners, but **of the roster in general**, whereby you can reminisce about the past installments in the company of **THE GREAT OLD ONES, DARKFALL, INSANIA, MALIGNANT TUMOUR, FORGOTTEN SILENCE, MELANCHOLY PESSIMISM, MEAN MESSIAH, DOOMAS, LIQUID SPACE 9, or ET MORIEMUR.**

As for the new acts, we shall welcome for example the Greek tandem **HAIL SPIRIT NOIR** and **RAVENCULT** (which you may know from our Hellenic Darkness club fest), the Mexican all female death metal outfit **MURDELINE**, the Italian horror death metal project **HIDEOUS DIVINITY**, the post-rock melancholiacs **DYING PASSION**, the solo recital of the Czech Devil-in-chief **BIGBOSS BAND**, brand new post-rock/ambient project **ELBE** (which is a joint collaboration between Standa Jelínek from Dying Passion and Martin „Spacosh“ Peřina from Between The Planets), the varied death metal contingent of **DILIGENCE, BLOODY OBSESSION, DEHYDRATED** and **SPREADING DREAD**, or other noteworthy Czech acts, such as **MADE BY ZERO** and **PLAGUE CALLED HUMANITY.**

Since **this year also marks the tenth anniversary of MetalGate Records**, the festival bill includes **a delegation of bands signed under our label** as well, featuring **SIX DEGREES OF SEPARATION, MINORITY SOUND, F.O.B., WAR FOR WAR, POSTCARDS FROM AKRHAM** and **KEEP ON ROTTING.**

That is of course not the complete list, as the **three festival days shall showcase a total of 44 bands!** Check out the **complete roster on the festival website.**

Additionally, the tenth installment shall once again feature **our original pastimes** that are getting increasingly popular. Once again, we have a **couple of new ones** up our sleeve, i.e. an **oversized foosball** and **aquathlon**, though some **pastimes introduced last year**, such as the **keg throw** or the **drumming contest**, as well as the **now classics**, such as the **festival campfire**, the **nailing game** or the **Gorgan Brothers Amazing Cinematograph** shall make their **comeback** as well. It is apt to note that **in case of some of these activities**, there will once again be **prizes at stake**, so do not hesitate to join in. For more information, please visit our festival website.

Finally, our festival **presale is at full speed**, so in case you are missing tickets, head on either to **MetalGate e-shop** or to **Tortharry shop** to get yours along with **quantity discounts and other bonuses**.

**Join the celebrations of MetalGate Czech Death Fest! See you there!**
